PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (I) equipment storage maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This installation is located within the city limits of Pyatigorsk, approximately 2 kilometers (km) north-northwest of the road bridge over the Podkumok River (Figure 1).

It covers approximately 11 acres, is partially fenced, and contains 2 multistory barracks administration buildings, a multistory possible administration building, 10 multistory barracks,

2 multistory quarters, a vehicle storage maintenance building, and 2 probable storage buildings (Figures 2 and 3).

[REDACTED] the installation. A comparison of the photography revealed no significant changes during this period.

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

The installation has access to the double-track rail line running from Pyatigorsk north to Mineralnyye Vody and west to Yessentuki.

Road Service

The installation is served by the city streets of Pyatigorsk.

Administrative and Troop Housing Area

Area D contains 2 multistory barracks ad-

ministration buildings, 1 multistory possible administration building, 10 multistory barracks, 2 multistory quarters, 1 vehicle storage maintenance building, and 2 probable storage buildings.

POL Storage Area

A rail-served secured POL storage area 7 km west of the installation contains 4 large tanks, 4 medium tanks, 11 small tanks, and 16 support buildings.
